Updated: September 29, 2021

To whom it may concern,

I am writing to formally protest the rate increase by AQUA Texas, scheduled to take effect on July 25th 2025, under PVC control # 58124. As a resident of Shady hollow Estates, I would see a rate increase of 93% to 150% depending on my usage.

The proposed rate increases are excessive and an unreasonable financial burden on homeowners for services that are far from reliable. Over the past year AQUA has been plagued by

- 1) Frequent water boil notices
- 2) Repeated service interruptions
- 3) Lack of infrastructure transparency

As a utility provider, AQUA has a responsibility to deliver consistent and safe water service, instead we are being asked to pay 2 to 3 times more for a service that is flawed!

In my own case for my monthly usage of 4300 gallons by bill is projected to double

Current bill

57.11 + taxes and fees

New bill

110.11 + tax + fees

We are also in the lowest usage tier, so there is no practical way to further reduce consumption

P.T.O

The increase are being implemented without any meaningful improvement in service or infrastructure.

I respectfully ask the PUC to deny or significantly scale back the rate increase and require Aqua Texas to provide transparency and a public hearing, and evidence of improved reliability before any rate adjustments are made.

Sincerely
Nigel Dsouza
