Notice of Proposed Rate Change

Pursuant to Texas Water Code § 13.187

Aqua Texas
Company Name13201, 13203, 13254, 21059, 21065, 21116
CCN Number(s)

has filed a rate change application with the Public Utility Commission of Texas (Commission or PUCT). The application may be reviewed online at interchange.puc.texas.gov. You may also inspect a copy of the rate change application at your utility's office at the address below or at the Commission's office (1701 N. Congress Ave, Austin, TX 78701). The proposed rates will apply to service received after the effective date provided below, unless modified or suspended by the Commission. If the Commission receives a sufficient number of protests, separately or in a combined protest letter, from at least 7,897 ratepayers (10 percent of the utility's customers over whose rates the Commission has original jurisdiction) or from any affected municipality before the 91st day after the proposed effective date, the matter will be set for hearing. See Protest Form on the next page for instructions on how to protest.

EFFECTIVE DATE OF PROPOSED INCREASE: July 25, 2025**(must be at least 35 days after notice is provided to customers and 35 days after application is filed)**

(Proposed rates requested by the utility are not final. The Commission may modify the rates and order a refund or credit against future bills all sums collected during the pendency of the rate proceeding in excess of the rate finally ordered plus interest.)

Reason(s) for Proposed Rate Change:

The proposed rate change is being requested in order to recover capital investments Aqua Texas has made to maintain and improve its systems since the last rate case(s) and to reflect inflationary increases to Aqua Texas' operating costs.

To Whom it may concern,

I am writing to Formally protest the proposed rate increase by AQUA, as referenced in Docket # 58124.

As a resident and customer impacted by AQUA's service, I find the request for a rate hike ranging from 66% to 98% increase both unacceptable and unjustifiable, given the current state of the water service and quality we receive.

The quality of the water has changed drastically since we purchased our house in 2008, it used to be treated, filtered, and ran through a softener, now it is hard, ruining my plumbing fixtures, often a boil notice due to repairs needed on main water line due to initial installation, we do not use for consumption and buy bottled water adding to cost of already high water bill. It is difficult to justify a rate increase of this magnitude when the basic expectations of clean, safe, reliable water service are not being met.

Sincerely, Eddie Caballero
