PUCT DOCKET NO. 58124

Ratepayer Comments/Requests To Intervene

Use this form to speak out if you disagree with the filing
or want to get involved in the case.

If you wish to PROTEST the proposed rate change, you must complete this form and file it electronically using the PUC Interchange Filer (<http://www.puc.texas.gov/industry/filings/E-FilingInstructions.pdf>) or mail the original to

Filing Clerk
Public Utility Commission of Texas
1701 North Congress Avenue
P.O. Box 13326
Austin, Texas 78711-3326

No hearing will be held and the rates will be effective as proposed unless protests are received from at least 10% of ratepayers or from any affected municipality, or the Commission Staff requests a hearing.

Austin, TX 7811-3326

Dear Sir,

I am contacting you on the matter of Aqua Texas rate increase for Lakes of Rosehill, Cypress, Tx.

We received a packet that gave the proposed new rates for our neighborhood. The increase went from a flat rate of \$3.70 per 1000/gal. to a tier system.

Tier 1 1 – 5000 gals \$5.498

Tier 2 5000 – 10,000 gals \$8.247

Tier 3 10,000- 20,000 gals. \$13.745

Tier 4 over 20,000 gals. \$15.120

Using this tier pricing my bill for the previous month of approximately 25,000 gals would more than double in price to almost \$489 which include the pass thru fees of \$4.2318 These fees are excessive. In the packet I could not find a valid reason for an increase of over 99%.

Our neighborhood has lots from ½ acre to 1 acre. Each with irrigation systems to maintain lawns and expensive landscaping. Personally, we use this system by an automated system that determines if the property needs to be watered. We have saved a large amount of money by using this system and we do not believe it is excessive watering. Even during the drought a few years back we only watered on specific days as requested by Aqua.

In addition, the homes in the neighborhood range from 3000. SF to over 4700 SF. A family of 4 probably uses at the least in the range of Tier 3. Water bills that are this excessive would make it near impossible to sell your home, as a prospective buyer would not be willing to pay the huge price for water on already high end priced homes.

This rate increase is more than excessive and I am adamantly against this rate increase.

Respectively,

Reg and Patricia Gosnell
