The proposed increase in water rates is excessive, and unjustified. As our household consumes approximately 10,000 gal/month, our cost of water will increase from \$34 to \$69. This is in an environment where Aqua is unable to provide consistent, reliable service. No utility provider should be rewarded with excessive increases when they are unable to properly provide for their customers.

☐ **I am requesting to INTERVENE in this proceeding.** As an INTERVENOR, I understand that: I am a party to the case; I am required to respond to all discovery requests from other parties; I may be required to attend hearings, and if I file testimony, I may be cross-examined in the hearing; if I file any documents in the case, I must provide a copy to every other party in the case; and I acknowledge that I am bound by the Procedural Rules of the PUCT and the State Office of Administrative Hearings (SOAH).
