**NOTICE OF APPROVAL**

This Notice of Approval addresses the June 9, 2025 application of BKV-BPP Ponder Solar LLC to amend its renewable energy credit (REC) generator certification. BKV-BPP Ponder Solar is a power generation company under registration number 20824. BKV-BPP Ponder Solar seeks the amendment to reflect a change in the method used to report its renewable generation to the REC program administrator. Specifically, BKV-BPP Ponder Solar requested to update its REC reporting from an Energy Reliability Council of Texas (ERCOT) Polled Settlement Meter to self-reporting.

On June 26, 2025, Commission Staff recommended approval of BKV-BPP Ponder Solar's application.

The administrative law judge finds that BKV-BPP Ponder Solar complied with the requirements of 16 Texas Administrative Code § 25.173(d)(1) by notifying the Commission in writing on an approved form of a change in information pertaining to its certification within 30 days of the change. The Commission amends BKV-BPP Ponder Solar's REC generator certification to reflect a change in the method used to report its renewable generation to the REC program administrator from an ERCOT Polled Settlement Meter to self-reporting. The Commission must revise its records accordingly.
